under way since February, has been completed recently. Seventysix civilian employees were laid off in the reduction in force at Hondo Air Base. The base is now operating on a minimum of personnel, according to a base spokesman.

## Registration Dates, Faculties Announced

Schools are opening in Medina County all the way from an early Aug. 26, to a late of Sept. 9.

As a public service, the Anvil Herald contacted an official at every school in Medina County and asked for information concerning the opening dates and registration, building programs, faculty list, changes in the curriculum and any other information which they felt might be interesting to school patrons or friends of the schools.

J. G. Barry, superintendent of abeth McAnelly, Mrs. Ida Sharp, 1 p.m. Friday, followed by Soph- grade - Mrs. Leora Eggen, Mrs. omores Saturday morning at 9 Nell Richter, and Mrs. Alva Jean and freshmen Saturday at 1 Welch; Sixth grade - Mrs. Wil-

#### Devine

W. L. Howard is beginning his seventh year as principal of Devine High School although the school has a new superintendent and a new coach this year, both named Evans.

R. D. Evans, superintendent, comes to Devine from Agua Dulce. The new coach, Bill Evans, has been assistant coach of Sherman High School. He is attending North Texas State College at Denton and working on an M.S. degree, but is expected to move to Devine shortly.

Howard says the faculty will meet Friday, Aug. 30 at 9 a.m. and registration for high school students will begin that afternoon at 1 p.m. Teachers will again meet Aug. 31, and classes will actually begin the morning of Sept. 3, with buses making their usual runs and the cafeteria beginning its operation.

A new elementary school in Devine is being built and should be ready for use by mid-year of the school term. When completed it will house the first four grades, but for the present, the upper six grades will be in the high school building and the lower six in the old original building.

Howard stated that both trigonometry and solid geometry will be offered the high school stu-(Continued On Page 12)

## 8 Anvil Herald, Hondo, Texas Friday, Aug. 23, 1957 Irrigation Growing In **Importance** Irrigation plays a much begger part in Lone Star agriculture than most Texans realize. Nearly a half billion acres of Texas land are now irrigated. About one-fifth of the crop land harvested in the state is irrigated

Although many centuries old, the practice of irrigation is relatively new in the state. There were no definite reports on the amount of irrigated Texas acreage until 1940, when less the 895,-000 acres were irrigated. But with the advent of larger, more mechanized farms in recent years, irrigation systems have spread to all corners of the state.

Irrigation has fit well into the ver-changing agricultural picture. It has been the answer to problems of drouth, low yields and cost-price squeeze, and there probably isn't a farmer in Texas today who hasn't given some thought to irrigation.

This is no wishful thinking on the farmer's part - to want rain at the right time in the right Texas Fisherman amount. Many farmers in the heavier rainfall sections of Texas A new Sports Fishing License are setting up irrigation systems Law which increases fishing li- for small tracts and increasing

#### **August 22 Date** For New Egg Law To Be Effective

The Texas Egg Law, which becomes effective August 22, provides that no person can buy or sell eggs within this state for subsequent resale without first obtaining a license from the Commissioner of Agriculture.

The exception to this, says F Z. Beanblossom, extension poultry marketing specialist, are those who sell from their own flock and claim no grade; hatcheries which buy eggs for hatching; public eating places where all eggs pur chased are served by the estab lishment; food manufacturers purchasing eggs to be used only in their products; agents employed and carried on the payroll or a salary basis by persons licensed under this act; and any retailer, as defined by law - that is, any person selling or offering for sale, eggs to consumers in this state.

In order to create a fund for the enforcement of the provisions of this act, each licensee shall pay a license fee. The annual fee for dealers, wholesalers, and pro cessors shall be determined according to the average weekly volume of the month in which the licensensee handled the most eggs in the preceding twelve months ending on May 31. The proceed of such license fees shall be paid into the State Treasury by the Commissioner of Agriculture in a fund known as the Egg Law Enforcement Fund.

The deadline for obtaining licenses is October 20. Actual enforcement of the la wwill start

## PERSONAL

BY JERRY JUNE BERGER

A lot of Hondoans are taking late summer vacations and from what we have heard Port Aransas and Colorado are among the

more popular spots. Last week Mr. and Mrs. FRED BADER and four children, Mr. and Mrs. L.E. POPE and four children and Mr. and Mrs. JOHN COYLE and three children went to Port Aransas for a five-day vacation - that meant 17 people when they all walked into a restaurant and sat down together We'll bet those restaurant owners were glad to see that Hondo is such a prolific place.

And the Colorado vacationers are many. Mr. and Mrs. RI-CHARD NOTTER and two boys are just back from there and Mr. and Mrs. BUSTER RATH and o daughters are in the area at

Dr. and Mrs. E.L. KELLEY, LORIA and BOBBY, and Mr. ad Mrs. FRANK WILLIAMS had oiorado as their destination when they left Hondo last week That is to be part of a long vacation for the WILLIAMS, who are taking off longer than the traditional two weeks.

While on the subject of vacaions we might mention that H.R. BURCH had an unusual experience on his. He, MRS. BURCH. NANCY and Mrs. Burch's parents, the MORGANS, went to Calfornia at the beginning of a two week trip recently. In southern California, they stopped for a visit with friends of the Morgans and as soon as they arrived, their host told them that his neighbor di rectly across the street was anxious to meet BURCH. The latter was a little dubious about going over and could not find out the reason for the suggested visit. After mustering up the courage, he went over and asked, "Did you want to see me?" Whereupon the stranger replied affirmatively and hen inquired, "Do you know SAM MEYER?" Of course he did and it turned out the man was a first ousin of Meyer.

These travelers returned to Hondo last Wednesday after touring most of California from south to north. They had been on most of the same trip previously but enjoyed retracing some of their steps anyway

From the pulpit Sunday morning, the REV. HAROLD GOOD-ENOUGH of First Methodist Church explained why BILL FLY was wearing a slightly hag-

Three young people who were here to conduct a Youth program in Hondo had phoned the pastor that they did not see how, because of bus connections, they could arrive in time to open the meeting Sunday night. So he told BILL about the situation and said it could be worked out if someone would Hondo Anvil Herald drive in to San Antonie to meet Hondo, Texas hem on the 6 p.m. bus. Bill vol-

Saturday night the pastor had phone call. It was BILL call- by the editor of the other Medina copy of the letter sent to the Deing from the big city and he said County newspaper, I decided to vine editor. he had waited around til 7 before write a "Letter to the Editor" Mr. W.L. Dubose, Editor he called but there still was no and ask him to print my letter Devine News one there to meet. It seems he hadn't understood that it was copy of that letter and you may Dear Mr. Dubose:

# APPEARANCE Medina County Hospital-Think For Yourself

BY JERRY JUNE BERGER

Did you know that part of the uproar over the voting of hospital bonds is over a measly \$2 per year increase in taxes? Just for the sake of discussion, let us assume that the average taxpayer in Medina County has his property assessed on the county tax rolls at \$1000. This is not the real value of his property as generally the assessed figure is approximately 15% of the actual value.

This Mr. Average Medina County Citizen then will find his taxes are increased only \$2 by the voting of enough bonds to pay the county's share of building an outstanding hospital. Many smokers spend more than that in just one week for cigarettes, yet one of the big complaints against the bonds has been "don't want to help saddle the county with a lot of high taxes." Why some of these gripers could give up beer for just one day and pay their share of a year's cost of building a hospital

But then, maybe some folks had rather have a weeks supply of cigarettes or a days supply of beer than a hospital which might, someday, actually save their life.

We don't mean to imply that everyone is going to pay as little as \$2 per year extra if the bond issue passes. A few will be paying more, but many will pay even less.

A few others say they are opposed because they feel the money should be raised on a contribution basis rather than on an issuance of county honds. That is just fine with us too, except that it is a lot easier said than done.

Wilson County, population 15,000, recently voted \$125,000 as part of their share of building a county hospital and they left \$75,000 of their share to be raised by contributions. The county does not even have one hospital, yet as desperately as they need one they are having a terrible struggle raising just that \$75,000. The Hospital Committee has begged the public to kick in, the Floresville Chronicle-Journal has pleaded with its readers to contribute, yet .with their Sept. 1 deadline less than a week away, they are still way short of their goal.

But our Mr. Contributor advocate says, "Jourdanton did it." And we have to admit Jourdanton did; however, it took them four long, hard years to get their citizens to donate enough for their half of the project and that included one donation of \$25,-000 from one of the major oil companies. Unfortunately that oil company is not as active in Medina

Citizens who listen to the arguments for and against a hospital should carefully consider who is working for which company. For example, an attorney for a large railroad, oil corporation or private

utility company is just earning his pay when he takes a stand against any civic improvement that might increase the taxes in Medina County for the big corporation or corporations he represents.

The contribution method is fine with us, but do we really have the time? Do you honestly think that most citizens would give generously enough that we would not have to hire some professional fund raisers to come in, shake the money out of our citizens lative procedure. Some bills that The alterations were not discoving the salubrious climate. and then take 25% of the money away with them would easily pass under ordinary ered until some time after and in their new Cadillac? That is exactly the way many conditions will be stopped. Other contribution fund drives work.

And then a few folks say they are opposed because "we already have facilities" and, they say, Because of this most observers of off a certain width and added it in the rush of the last few days. land because we had measured off a certain width and added it in a contact with them par did it is just as easy to go into a San Antonio hospital as legislative bodies agree that the to the next adjacent, consequenting in contact with them, nor did it would be to use one in their county seat." Right now San Antonio is crying over the lack of hospital facilities for their own use. What is Mr. Just-As-Easy-To-Go-To-San-Antonio going to do when he takes his morning, attend committee meetsick child into a San Antonio hospital and hears the ings from 10 a.m. until noon and words, "Sorry, we're all full. You folks in Medina then House convenes at noon and then in Bexar County, and I think experience I may as well relate County are going to have to take care of your own five to eight hours. ## Hermann Lodge Celebrates 15th Birthday

M Herman Ney were vacationing at Rockport for several days last Lodge No. 161 observed its Fifteenth Anniversary at the regular

and helped Roy celebrate his recognition of the following special vistors: Brother Carl Biebers Jimmy Finger of SA is epend- Grand President of the Sons ing his vacation with his mother, of Hermann, and Sister Bie-Mrs. James Finger and family. Biebers, Brother W.E. Adams, Grand Lodge District Supervisor, Agent, and Sister Steinle. Also present were Sisters Thelma Watts, Ernestine Crouch and daughter Carole, and Dorothy Woods from California, members of Brunhilde Lodge of San An-

Sister Ada Brucks, a charter member, gave a brief history of the Lodge, how difficult it was to obtain 15 members to organize and find officers in so small a number. Sister Louella Schweers was the first president, other charter members present were Sisters Lillian Grell, Pauline A. Graff Mary Emma Johnson, Nettie Koch, Rosa Brucks and Hulda Nester. Those not present were Sisters Ellyn Tondre, Effie Mechler, Lillian Schweers, Martha Schweers, Bessie Neuman, Olivia McCray and Alice Kleppe. Other presidents over the years were Sisters Lillie Heyen, Lorene Bendele, Grace Larkin, Ada Brucks and Ida Jagge.

Brother Biebers took this time to recall some difficult tasks the lodge has had and a few joys it has experienced during the years it has grown to 169 adult certificate members, 13 social, and 49 junior members. He extended his and Sister Biebers heartiest congratulations on this anniversary. Brother Adams also extended his congratulations, and his proffered assistance for the best interest

Brother Joe Steinle then verified that it had rained everything but cats and dogs the night the lodge organized on August 31, 1942 and that he, like everyone else present, would no doubt like to see that again. Among other remarks, he stated that he enjoyed working with the lodge members and would continue to do so.

YOUR CHOICE

Hostesses for the month were: Sisters Grace Schmidt, Mamie Schroeder, Dorothy Schuehle, Gertrude Riff, Frances Sparks, Louella Schweers, Glenrose Saathoff and Christina Saathoff.
